

PICTURES OF THE TRACK TO ACHIEVE THE "WINNING TIME"

The princely couple of Villach's carnival guild, Prince Fidelius LV, Peter Samselnig, and her Loveliness Princess Christina-Maria I, Christina-Maria Becker, on the "Gerlitzten Stella Ronda" track. They enjoyed everything from ski tuning in the Gerlitzten ski & snowboard school and racy ski runs to their well-deserved rests at the cosy mountain huts.

FINISH: Turnstile at the Gipfelbahn – Gerlitzten middle station

- Whether you're an adult or child, skier or snowboarder: everybody can participate!
- No entry fee
- No advanced reservation
- Every round you complete increases your chances of winning

THE LONGEST SKIING COMPETITION IN THE ALPSWHICH ISN'T ACTUALLY A RACE!

"Stella Ronda" – a star-shaped ski circuit around the Gerlitzten with a total of 35 kilometres of pistes on 13 different slopes – awaits each participant of the Challenge. The route is open during normal daily skiing, so there are no barriers or gates. The exact route can be viewed at www.gerlitzten.com. Participating is easy: During a "normal" skiing day you can decide spontaneously to take part in the Challenge and complete the Stella Ronda. In order to have your time taken in the Stella Ronda it is important to begin and end the set circuit at the Gipfelbahn. Then you can continue your skiing day as you wish. It doesn't matter which slopes you complete before or after the Stella Ronda.

You can register for the Stella Ronda Challenge immediately after your skiing day on the Gerlitzten on our website at "Anmeldung Stella Ronda Challenge". Just enter your data and the identification number of your ski ticket (see left).

Please note: Holders of a Carinthian ski pass, a Gerlitzten season ticket or a 20-hour ticket can register at www.gerlitzten.com at any time.

Holders of day tickets can only register after the skiing day. In case you want to return your day ticket at the end of your skiing day, please

make sure you note the identification number of your ski ticket (see bottom left!)

The computer will then check if your completion of the Stella Ronda was valid. If this is the case, your circuit time will be saved and can be seen online.

The prominent challengers: The princely couple of Villach's carnival guild has completed the skiing circuit. The time they took was sealed and deposited with a notary. At the end of the season, their time will be published.

PLEASE NOTE: The person who gets closest to the same time as the princely couple will be the winner! (Tip: Don't forget to take a rest at a mountain hut!) First place will win the Citroën C3 Picasso. The person in second place will be the first to choose a prize from a pool of prizes. The person in third place will be the next and so on until all the prizes have been given. Of course it is possible to take part in the Stella Ronda as many times as you like. Every round you complete increases your chances of winning!

The time is calculated from the time difference between the first and the last passing of the turnstile at the Gipfelbahn. The prerequisite for a valid time and participation in the "Stella Ronda Snow Challenge" is the completion of all pistes and ski lifts in the order given.
